SERVICE OBLIGATION

In order to fulfill the service of the TEACH Grant, you must be a highly qualified, full-time secondary or elementary teacher in a high-need subject area, at a school serving low-income students, for at least four years within eight years of finishing your program.

A **highly qualified teacher** is one defined by the U.S. Department of Education.

A **full-time teacher** is one who spends the majority (at least 51%) of time teaching in one of the high-need subject areas. Because of the 51% requirement, most elementary teachers will not be eligible.

A **school serving low-income** student is designated by the U.S. Department of Education. See details at <https://studentaid.gov/app/tcli.action>.

FAILURE TO COMPLETE SERVICE OBLIGATION

If you fail to complete the four years of service for each eligible program in which you receive the TEACH Grant within eight years of completing your program, the grant will convert to a Federal Direct Unsubsidized Loan with interest accrued from the date of the first disbursement of the funds. Once the grant converts to a loan, it cannot be converted back to a grant again.
